**What's The Ultimate Car For A Cokehead?** (<http://jalopnik.com/whats-the-ultimate-car-for-a-cokehead-472650834>)

For some reason, we sure have been talking about cocaine around here a lot lately. There was the coke-tastically 1980s DeLorean sedan, and then there ... There are some cars that just rock and some cars that blow, but *Jalopnik* readers (<http://jalopnik.com/whats-the-ultimate-car-for-a-cokehead-472650834>) have found the ten cars that manage to do both at the same time.

*Welcome back to [Answers of the Day](http://jalopnik.com/answersoftheday/) (<http://jalopnik.com/answersoftheday/>) - our daily *Jalopnik* feature where we take the best ten responses from the previous day's [Question of the Day](http://jalopnik.com/tag/qotd) (<http://jalopnik.com/tag/qotd>) and shine it up to show off. It's by you and for you, the *Jalopnik* readers. Enjoy!*

Now, we're not saing that everyone who drives these cars has cocaine on them. (Police, please do not consider driving a 1980s Lamborghini a primary offense.) But for whatever reason readers think that for each of these cars there's been at least one owner with a gold chain, a rug's worth of chest hair, and a really hyper attitude.

What super coke cars did we forget? Let us know in Kinja below.

### 10.) DeLorean DMC 12

The DeLorean is such a cokemobile, its creator John Z. DeLorean got wrapped up in a coke scam while trying to get it funding.

How I Saved A Coked Up Miles Davis After He Crashed His Lamborghini (<http://jalopnik.com/5919954/how-i-saved-a-coked-up-miles-davis-after-he-crashed-his-lamborghini>)

Jazz great Miles Davis loved his little Italian cars, but his reckless side took over one day and he crashed the car while carrying a few bags of... The most coked-out Lambo story is when [Miles Davis got into a crash with two bags of coke in his Lamborghini Miura](http://jalopnik.com/5919954/how-i-saved-a-coked-up-miles-davis-after-he-crashed-his-lamborghini) and was saved by filmmaker James Glickenhaus (<http://jalopnik.com/5919954/how-i-saved-a-coked-up-miles-davis-after-he-crashed-his-lamborghini>), but that was just a introduction to the great cocaine-itude of the big daddy V12 Lambo, the Countach. Later American models had a front spoiler so you had another spot to do a line if the rear spoiler, roof, and dashboard were already taken.

## 8.) Ferrari Testarossa

The Prancing Horse on these '80s Testarossas always looked a bit more skittish than they did on any other car.

Not every dealer sticks to the rule "don't get high off your own supply."

## 6.) Maybach

Back in the '70s, if you were a plutocrat doing some blow, you had a Rolls-Royce. Kingpins of today rep

Maybach. It even has little privacy curtains in the back so the plebes don't see your illicit activities.

#### 5.) Stutz Bearcat

If there was one car that could have well been made out of cocaine, it would be the Stutz Bearcat, the absolute pinnacle of '70s excess. It was the decade that taste forgot.

#### 4.) Porsche Flatnose

If you were a go-getter back in the Me Decade, the car you aspired to was an extra-aerodynamic Porsche.

### 3.) BMW 8 Series

You can practically taste the Wall Street excess when you look at one of these huge BMW 8 series coupes. No wait, my gums are all numb.

There is no car that says you have coke on your person (and probably the clap) quite as well as America's 1980s supercar extraordinaire, the Vector.
